Warlord Snagga Snagga

Forces

The Warlord Snagga Snagga's Feral Ork Horde Army List uses the datasheets from the Feral Ork Forces section.

Using The Army List

Unlike the very rigid formations used by the Imperium, Ork formations vary widely in both size and composition. The rules for creating Ork formations reflect this. The different types of Ork formations you may choose are shown on the army list that follows. The army list includes the following information:

Type: The name of the formation.

Core Units: The units that make up the formation. An Ork player can choose to double or triple the number of units in the formation if he wishes. A formation with double the normal number of units is called a *big* formation, and a formation with three times the normal number of units is called a *'uge* formation.

Cost: Most Ork formations have three values. The first value is the cost for the basic formation, the second is its cost if it is a big formation, and the third value is its cost if it is a 'uge formation. If the formation only has one cost then it may not be increased in size. Up to one third of the points available to an Ork army can be spent on aircraft and Gargants.

Extra Units: An Ork formation may include any of the extra units listed in the "Extras" column. You may include any number of extra units in a formation unless it is specifically noted otherwise. If there is a limitation then the limit is doubled for a big formation and tripled for a 'uge formation. All of the core, extra, and free units in an Ork formation count as being part of one large formation. The different units may not move off on their own.

Special Rules

The Mob Rule (see Mob Rule) and Power of the Waaagh! (see Power of the Waaagh!) rules apply to all Ork formations.

SPECIAL RULE

Feral Ork Epic Tournament Special Rules

Every Ork army *must* include a Supreme Command character called a Warlord. The Warlord character is free, you don't have to pay any points for it. The Warlord will join the formation with the most units in the army. War Engines count their starting Damage Capacity towards the formation size. If there is a tie you may choose which warband the Warlord will join.

Orkeosaurus that are part of a warband may only transport units from their own formation.

Feral Ork armies are allowed to field a Trappa formation. This formation represents Ork Wildboyz using their skills to scout ahead of the main army. Because of this all units in the formation have *scout*.

WARLORD SNAGGA SNAGGA'S FERAL ORK HORDE ARMY LIST

Warlord Snagga Snagga's Feral Ork Horde armies have a strategy rating of 3. All formations have an initiative rating of 3+, but receive modifiers depending on the action chosen when taking an action test (see *Power of the Waaagh!*), or the size of the formation when rallying (see *Mob Rule*).

SPECIAL RULE Mob Rule

Orks believe that as long as there's a bunch of them still fighting together (slightly more than they can count up too is ideal) then there's always a chance that they'll prevail, no matter the odds. To represent this Ork formations with more than five units (i.e., too many to count on the fingers of one hand), not including Grotz or Squig Katapultz units, receive a +1 modifier to any Rally rolls they make, and formations with more than 10 such units receive a +2 modifier. For the purposes of this rule War Engines count each point of starting damage capacity as a unit.

SPECIAL RULE

Power of the Waaagh!

Orks are not noted for their organisational abilities, and thus usually have a pretty low Initiative rating. However, if there is one thing that will galvanise an Ork warband, it's the thought of a good punch-up. Because of this Ork formations that are attempting to take Charge or Double actions receive a +2 modifier to their Action test roll.
